The league rules require teams to provide two qualified referees and competent table officials. Names should be identified on your league entry form to qualify for entry

New teams have their first year to ensure they meet the requirements for year 2..

In addition the League is committed to enhancing skills within key roles. We will be working with Gloucestershire School of Basketball to ensure development and training opportunities as well as ongoing development are available locally.

This will be enhanced further through our Officials Development Scheme, mentor programme and our Jnr Participation 5 year plan.

Details of courses will be published on the GBBA website and social media

Please indicate courses your team will be sending participants to /or would like further information about in season 2018/19. (Please provide names if known)
Please indicate below
